

# *A Prayer to Experience True* **LOVE**

Lord, I pray I come to know and believe fully the love that  
You have for us.

You are love, and whoever abides in love abides in You,  
and You abide in him.

I seek this kind of love in my heart.

And I seek this kind of love as the fruit of my life.

Lord, perfect Your love in me so I can love others as You  
so tirelessly love me.

May my love not be selfish or carry pride.

May it love sacrificially.

May it lift and build up those you place in my life.

And may I walk in confidence for the day of judgement.

Lord, I thank you for a love that is not created out of  
punishment, but a love that is an extension of you as a  
free gift to me.

I ask You, Father, to prick my heart with this reminder in  
moments of fear.

Reminding me that Your love is perfect in all ways and  
drives out all fear.

With Your love I am complete.

I am whole.

And I can walk in victory.

In the Name of Jesus I pray. Amen.
